Forecast for Monday 28 Sep 2020

Weather: Dry, bright start in east with some sunshine. Cloudy towards West Coast with occasional rain and extensive hill fog, gradually edging eastwards during the morning with rain gradually fizzling out. Brighter skies following for the afternoon with some sunshine and a few light showers, mainly Mull and Lochaber.

Chance of cloud free mountain/hill tops above 800m: 80% in east at first, decreasing 30% during the morning. Chances improving again in the afternoon. Occasional cloud cover around 600 to 700m, extensive for a time, lifting and breaking up during afternoon.

Visibility: Mostly good in east of area but poor for a time as rain moves through.

Met Office Aberdeen Meteorologist's View
Strong winds and single figure temperatures on higher ridges and summits making it feel very cold.

Forecast for Tuesday 29 Sep 2020
Weather: A brighter day with sunny spells and dry for much of the time. There will be a few light showers, mostly towards Mull and Lochaber.

Maximum wind: Light winds during morning, then strengthening southerly winds during afternoon, average speeds on tops increasing from 15mph to 30 gusts 45mph.

Chance of cloud free mountain/hill tops above 800m: 90% with occasional patches of cloud drifting across the mountain tops.

Visibility: Air will have great clarity resulting in excellent visibility on the tops.

Temperature: **Glens:** Plus 3 Celsius rising to 14 Celsius.
At 800m: Plus 4 Celsius rising to 8 Celsius.
Freezing level: Above the tops.
